New Acquisitions

Our most recent arrival to the Church Library shelves is this delightful addition to the famous Chicken Soup series. This one is geared for the upper elementary school ages, although young teens would probably also like it. It covers a wide range of thoughts and worries a pre-teen might be thinking, as well as those humorous situations a pre-teen is apt to stumble into.

If you would like to take it out … please be our guest!

Until Epiphany the library is showcasing Henry Van Dyke’s classic tale of … well … the wise man you never heard about. It’s an extended short story of a journey we are all taking.

This is a recommended easy yet provoking read for everyone.
